## YOUTH HOMELESSNESS DEMONSTRATION PROJECT (YHDP)

Project 16:49 collaborated with ECHO on two  
Youth Homelessness Demonstration Project grants to create:

- a System Navigator position to provide increased outreach, advocacy and case management support to homeless youth in community settings
- a Rapid Rehousing Program to provide rent assistance plus case management for 10 youth in scattered site apartments.

Both initiatives allow us to better serve the needs of more of our community's homeless youth, and likely would not have happened without ECHO's partnership.
